

WIND RIVER MARS MISSIONS

Mars global topography and space, overlain with locations of Mars landers, rovers and orbiters

Coloring of the base map indicates relative elevations, based on data from the Mars Orbiter Laser Altimeter on NASA's Mars Global Surveyor. Whites and browns indicate the highest elevations (+12 to +8 km); followed by reds and pinks (+3 to +8 km); yellow is 0 km; greens and blues are lower elevation (down to -8 km). Axes are latitude and longitude; Poles are not shown.
