University Research Grant Proposal

1. Goals

--

2. Research/Project Details

We at Wind River are very interested in understanding the use of Wind River technology in academic institutions. Please provide us with the information outlined in the table below. Information is required for each research/project topic served by this donation from Wind River. If the donation serves multiple research/project topics, please cut and paste the table below and fill out the information for each topic.

We may publish this information at <http://www.windriver.com/>.
